

HORTICULTURE CLIMATE NEWS

Thank you for your feedback!

The Water Information Session Questionnaire feedback is shaping a session that's tailored to your needs. We appreciate your time and insights!

UPCOMING EVENTS

Multi-Commodity Drone Demonstration Day

 **Date & Time:** Thursday, September 11, 2025
9:00 AM - 12:00 PM

 **Location:** Charles Keddy Farms, 982 Charles Keddy Rd, Lakeville, NS, B4N 3V7

Join us for a dynamic drone demonstration event showcasing innovative ways drones can enhance your farming operations! Highlights include aerial imagery, riparian zone mapping, weed management, fertilizer application, on-farm use of drones in the cattle and sheep sector, and the latest updates on drone regulations.

Horticulture Grower Workshop- A Follow-Up on Soil Health

 **Date & Time:** Monday, September 22, 2025
10:00 AM - 1:00 PM

 **Location:** Waterville Fire Hall, 1415 County Home Rd, Cambridge, NS, B0P 1V0

We would love to hear more from you about Soil Health! Join us for a follow-up workshop to the Soil Health Results Workshop held earlier this year. Amy Sangster from the Nova Scotia Department of Agriculture (NSDA) will lead an interactive workshop focused on the Biological Nitrogen Availability (BNA) fertilizer credit followed by a facilitated discussion on a range of Soil Health topics and a presentation by Airex Energy on why biochar is a powerful soil amendment. Lunch and snacks provided! 😊
